To Whom It May Concern,

It is my pleasure to write a letter of support in behalf of the grant application for bringing the Arts to the students in our school district.

With limited funding our students do not have many of the fine arts opportunities that could enrich their lives and promote more higher level thinking. This grant would do much to fill that void in our district. Students in grades K-5 get no art instruction other than incidental instruction delivered by classroom teachers, who have little or no formal training in art instruction.

The experiences this grant could provide will open new avenues for our children to explore. Who knows, we may have a master artist in our population who just needs the chance to blossom.

I have reviewed details of the grant proposal and am confident that if funded it would be carried out with professionalism and integrity.

It could truly make a difference for a large number of youngsters. I wholeheartedly endorse this proposal.

Sincerely,

A handwritten signature in blue ink that reads "Ron Tolman".

Dr. Ron Tolman
Superintendent
